LIFETIME WARRANTY

- 10 mm Glass Collar
- Upgraded Poker Tool & Stem Cap
- Reinforced Chamber Walls
- Built-In Concentrate Container
- Titanium Nail Included

Upgraded from its predecessor, the Rig II boasts a new poker tool, stem cap, and glass collar. Designed to hold the included titanium nail, the 10 mm borosilicate glass collar acts a heat barrier, protecting the silicone and extending its life.

Equipped with ribs and chamber walls that have been reinforced by an extra 1 mm, the Rig II has enhanced stability. In addition to a built-in concentrate container and four tool slots, it features improved durability and strength.
